

ASEAN branch optical cable price

Overview

The average export price for optical fibers, bundles, and cables within ASEAN stood at \$24,403 per ton in 2024, reflecting a year-on-year decline of -7. Similarly, the average import price contracted by -5. Intra-ASEAN trade in optical fiber cables is a vital component of the region's market architecture, balancing localized production with concentrated demand. These parallel declines signal a competitive environment where. CRU provides comprehensive, accurate and up-to-date price assessments and research reports for bare optical fibre across various key regional markets, combined with insights into the factors and events affecting markets. CRU's unique services are the product of both our in-depth understanding of. Introduction to Asia-Pacific Fiber Optic Cable MarketThe Asia-Pacific fiber optic cable market was valued at \$6. 45 billion in 2023, and it is expected to grow at a CAGR of 10. The Asia Pacific fiber optics industry is expanding rapidly due to the increasing demand for high-speed internet and advanced telecommunication networks.
