

Bahamas Metal Fiberglass Cable Tray Manufacturer

AI Overview

Several manufacturers and suppliers in the Bahamas provide high-quality fiberglass cable trays, including Brilltech Engineers, MP Husky, and Bahamas Construction International Ltd. Key Manufacturers and Suppliers

1. Brilltech Engineers Pvt. Ltd. Brilltech Engineers offers a range of cable trays in the Bahamas, including fiberglass options. Their trays are designed for durability, protection against environmental hazards, and enhanced airflow to prevent overheating. They use premium materials such as fiberglass, galvanized steel, and stainless steel, ensuring compliance with industry standards. Brilltech also provides support for product selection, system design, and installation, making them a reliable choice for both small and large projects.
2. MP Husky MP Husky specializes in fiberglass reinforced plastic (FRP) cable trays, which are non-conductive, non-magnetic, and corrosion-resistant. These trays are lightweight yet strong, weighing about one-third of steel trays while offering superior strength. They are available in polyester and vinylester resin systems, meet ASTM E-84 Class 1 flame rating, and are self-extinguishing per ASTM D-635. FRP trays are ideal for environments requiring chemical resistance, radio transparency, and long-term durability.
3. Bahamas Construction International Ltd Located in Nassau, Bahamas, this company manufactures and supplies cable trays, including fiberglass options. They operate multiple production lines and offer OEM services, catering to both local and international markets. Their facilities support high-quality production with a focus on industrial applications, making them suitable for large-scale projects requiring reliable cable management solutions.

Additional Options Other suppliers like Jeetmull Jaichandlall (P) Ltd. and Cable House also provide cable trays in the Bahamas, with customization options and adherence to industry standards. These c...
