

Cable tray support arm accessories price

AI Overview

Factory prices for cable tray support arms vary widely depending on material, size, and customization, typically ranging from \$5 to \$50 per unit for standard models.

Overview of Cable Tray Support Arms Cable tray support arms, including cantilever brackets, are essential for securely mounting cable trays in industrial and commercial installations. They are available in carbon steel, stainless steel, and often feature powder coating, electrical galvanization, or hot-dip galvanization for corrosion resistance. Standard thicknesses range from 1.6mm to 2.5mm, and base plate sizes vary to accommodate different mounting requirements.

Price Ranges Standard factory-direct units: Prices typically start around \$5–\$10 per arm for light-duty carbon steel models. Medium to heavy-duty galvanized or stainless steel arms: Prices can range from \$20–\$50 per arm, depending on thickness, length, and surface treatment. Customized or OEM options: Factory-direct suppliers can produce arms according to your drawings or specifications, which may affect pricing based on volume and complexity.

Sourcing Options China suppliers: Platforms like Made-in-China offer a wide selection of cable tray supports with factory-direct pricing and OEM customization options. India suppliers: IndiaMART lists competitive suppliers such as Global Manufacturers And Traders (starting at ₹90/meter) and Super Cable Tray Private Limited (starting at ₹95/meter) for bulk orders. European and UK suppliers: RS Components and other distributors provide high-quality cable tray accessories, including support arms, with options for heavy, medium, or light-duty applications.

Key Considerations When selecting cable tray support arms, consider: Load capacity: Ensure the arm can support the weight of the cable tray and cables. Environmental conditions: Choose corrosion-resistant materials for outdoor or humid environments. Installation type: Wall-mounted, ceiling-mounted, or cantilever configurations may require different arm designs. Customization: Factory-direct or O...
