

Cost of fireproof cable trays in Egypt

AI Overview

Fireproof cable trays in Egypt typically range from EGP 400 to EGP 1,200 per meter, depending on material, type, and specifications.

Factors Affecting Cost

The price of fireproof cable trays in Egypt depends on several key factors:

- Material:** Fireproof trays are often made from galvanized steel, stainless steel, or aluminum, with stainless steel generally being more expensive due to its corrosion resistance and fireproof properties.
- Tray Type:** Ladder, perforated, solid bottom, and wire mesh trays have different costs. Solid bottom trays are preferred for fireproofing sensitive cables, while ladder trays are more economical for heavy-duty power distribution.
- Dimensions:** Width, side height, and sheet thickness (typically 0.8 mm to 2 mm) significantly influence the price.
- Accessories:** Covers, connectors, bends, and junctions add to the total cost.
- Installation Method:** Wall-mounted, ceiling-suspended, or floor-mounted systems can affect labor and material costs.

Typical Price Range

Based on Egyptian suppliers:

- Standard galvanized steel fireproof trays: approximately EGP 400–700 per meter.
- High-quality stainless steel or heavy-duty trays: approximately EGP 900–1,200 per meter.
- Accessories and covers: additional EGP 50–200 per meter, depending on complexity.

Suppliers in Egypt

- United Engineers:** Offers a wide range of cable trays with competitive pricing and detailed specifications.
- MetalEgypt:** Provides galvanized, stainless steel, and aluminum trays with full accessory support.
- Altawakol NTT and MT Tray Products:** Specialize in ladder, perforated, and solid bottom trays suitable for industrial and commercial projects.

Recommendations

Request a detailed quotation from suppliers to account for project-specific requirements. Verify fireproof certification to ensure compliance with safety standards. Consider long-term durability and maintenance costs, as higher-quality trays may reduce replacement and labor expenses over time. By considering these factors, you can select a fireproof cable tray system in Egypt that balances safety,...
