

# Electrical Control Cabinet and Distribution Box Manufacturer

## AI Overview

Top manufacturers of electrical control and distribution boxes include E-Abel, Atex Delvalle, Wieland, and A+B Electronic, offering customizable, certified, and high-quality solutions for industrial and commercial applications. Leading Manufacturers E-Abel specializes in a wide range of electrical enclosures, including NEMA/IP-rated boxes, stainless steel enclosures, general distribution boxes, and server rack cabinets. Their products serve industries such as data centers, medical facilities, electric vehicle charging, IT, and power management systems. E-Abel offers fast delivery, with in-stock boxes available in 7 days and customized solutions in 20 days, emphasizing sustainability and eco-friendly manufacturing practices. Atex Delvalle focuses on explosion-protected and hazardous area enclosures. They manufacture custom local control stations, distribution boxes, motor starters, and switches in stainless steel (AISI 304L/316L) or GRP. Their products are certified for ATEX and IECEx standards, designed to operate in extreme temperatures and outdoor conditions, making them ideal for industrial and hazardous environments. Wieland provides distribution boxes for decentralized electrical installations, building automation, and industrial plants. Their solutions support pluggable installation, energy and signal distribution, and smart building applications. Wieland emphasizes flexible, communication-enabled systems and energy-efficient designs, suitable for both new construction and renovation projects. A+B Electronic manufactures control cabinets and turnkey solutions in any quantity. They handle standard and custom enclosures, perform electrical function tests, and prepare cabinets for worldwide transport. Their control cabinets comply with DIN EN 61439 standards for low-voltage switchgear and controlgear assemblies, ensuring reliable electrical power distributi...
