

Full range of metal mesh cable tray products

AI Overview

Metal mesh cable trays are available in a wide range of models from manufacturers like Legrand, Spina Group, OBO Bettermann, and EAE Electric, offering various sizes, finishes, and accessories for industrial and data center applications.

Legrand Wire Mesh Cable Trays Legrand offers Cablofil wire mesh trays and the P31 cable tray system, designed for fast installation and high cable capacity. Models include straight trays, bends, and dropouts, with finishes such as pre-galvanized steel for indoor use. Accessories include trapeze hanging clips, universal dropout kits, and side-mount options for 12" and 18" cable dropouts. The system emphasizes easy installation, modularity, and airflow optimization for data centers and industrial environments.

Spina Group Wire Mesh Cable Trays Spina Group provides a complete range of wire mesh trays suitable for electrical and instrumentation installations. Their models are available in galvanized, stainless steel, or electro-zinc finishes. The system includes: Straight elements and shelves Connectors and covers Floor supports, suspension brackets, wall shelves Partition walls and universal clips These trays are designed for ventilation, fast installation, and corrosion resistance, and are compatible with other Spina Group tray systems.

OBO Bettermann Mesh Cable Trays OBO Bettermann offers several mesh cable tray systems: **GR-Magic®**: Standard and G mesh designs for rapid mounting without tools **Magic® G mesh cable tray**: Flexible for complex installations **SGR heavy-duty mesh tray**: For high load applications Side heights include 35 mm, 55 mm, and 105 mm, with finishes in electro-galvanized, hot-dip galvanized, and stainless steel. Accessories include bends, hold-down clamps, quick connectors, barrier strips, and suspension profiles. These trays meet VDE, IEC/EN 61537, and NEMA standards, and are fire-tested for safety
