

Georgia K1040 Relay Protection Tester

Overview

All-in-one designed Relay Test Set: built-in industrial computer, embedded style Windows CE system, with stable and reliable performance; mouse and keyboard built in panel or external connection available; LCD display; Windows operation interface; Adopt EMC box and obtained CE. All-in-one designed Relay Test Set: built-in industrial computer, embedded style Windows CE system, with stable and reliable performance; mouse and keyboard built in panel or external connection available; LCD display; Windows operation interface; Adopt EMC box and obtained CE. All-in-one designed Relay Test Set: built-in industrial computer, embedded style Windows CE system, with stable and reliable performance; mouse and keyboard built in panel or external connection available; LCD display; Windows operation interface; Adopt EMC box and obtained CE approval. Follow us for the latest equipment specials. *Wide Application from old Electromechanic relay to Modern digital relay protection.

*3-Years Free Warranty and life maintenance. With microprocessor& LCD screen, no matter you are doing in -house or field testing, Laptop is unnecessary. The LLX1 simulates current and voltage sensors, such as voltage dividers, Rogowski coils, or low-power current transformers, and makes the test signal available via the low-level outputs.

Article Content

K10 Series Protection Relay Test Set

Full function for PC connection test and offline test; Self-protection functions, such as voltage short circuit protection, current open circuit, and external source unexpected input, not well grounding etc.

Kingsine K1040 Protection Relay Test Set 7 Output Channels with ...

Product Details KINGSINE K1040 Protection Relay Test Set 7 Output Channels With microprocessor& LCD screen, no matter you are doing in -house or field testing, Laptop is unnecessary sides, the

7 output channels Protection Relay Test Set K1040

7 output channels Protection Relay Test Set K1040 from chinese supplier, Kingsine Electric Automation Co., Ltd..

3 Phase AC Relay Test Set, VGA Video Interface 250V / 3A K1040

Two in one of meter and source, with function of both internal and external testing, self-calibration, oscillograph, and the duration of each oscillograph reaches 50S (optional function);

Protection relay testing and diagnostic solutions

Verify protection schemes during commissioning and maintenance to ensure reliable system operation. Megger's relay testing solutions help prevent

Kingsine K1040 General Testers

*Wide Application from old Electromechanic relay to Modern digital relay protection. Suitable working for many world famous relay protection devices Such as ABB, ALSTOM, SCHNEIDER, SIEMENS, GE,

SUPREME Technology & Energy Solutions

Operation, maintenance, and field test procedures for

Plant protection system functional testing Protective circuit functional testing, including lockout relay testing, must take place immediately upon

7 Ausgangs-Kanal-Schutzrelais-Test eingestellt (K1040)

RTU-Tester. Serie PMC. Kabelfehlertester. 2. Hi-Tech-Unternehmen mit CE-Zertifikat und ISO9001: 2000 Zertifikat. 3. All-in-One-Design mit integrierten PC und Verstärker umfassende Produktlinie-von

KINGSINE K1040 Protection Relay Test Set 7 output channels

Two in one of meter and source, with function of both internal and external testing, self-calibration, oscillograph, and the duration of each oscillograph reaches 50S (optional function);

Multi-phase relay testers for quick fault verification

Ensure protection system reliability with our multi-phase relay testers. Simulate anything from basic to complex fault conditions, verify timing and coordination,

AC Protection Relay Test Set (K1040I)

Chinese top manufacturer mainly on: Protection Relay Test Set; Standard Power & Calibrator; Portable Reference Standard RTU-Tester. PMC Series. Cable Fault Tester. 2. Hi-tech enterprise with CE

KINGSINE K1040i AC Protection Relay Test Set K

Two in one of meter and source, with function of both internal and external testing, self-calibration, oscillograph, and the duration of each oscillograph reaches 50S (optional function);

Kingsine K1040 Protection Relay Test Set 7 Output Channels with ...

Complete information on the Kingsine K1040 Protection Relay Test Set 7 Output Channels with microprocessor & LCD Screen.

7 output channels Protection Relay Test Set K1040

Kingsine Electric Automation Co. Ltd. is an Indomnster supplier that manufactures 7 output channels Protection Relay Test Set K1040 in China. 7 output channels Protection Relay Test Set K1040 from

Protection Relay Testing

Reliably working protection relays are key in modern energy systems. Read on to learn about best practices, challenges, and trends in protection testing.
