

High-quality fireproof cable tray manufacturer in Singapore

AI Overview

Ferrotech, Foresight Metal Engineering, VoltecX (Takaso Industries), and SMART International are among the leading suppliers of fireproof cable trays in Singapore. Ferrotech specializes in FRP (fiberglass-reinforced plastic) cable trays that are highly fire-retardant and corrosion-resistant, making them ideal for harsh industrial environments such as chemical plants, refineries, and marine applications. Their trays are manufactured from premium fire-retardant resins and reinforced with fiberglass, offering Class 1 fire rating according to ASTM E84, high strength, UV resistance, and excellent electrical insulation. Ferrotech also provides customized solutions for heavy cable loads and non-conductive installations, simplifying safety compliance and installation. Foresight Metal Engineering (FME) is a leading specialist in metal cable trays, trunkings, and ladders for commercial and industrial projects. Their products are known for high-quality design, durability, and compliance with industry standards. FME offers a wide range of metal cable support systems suitable for environments requiring fire-resistant and robust solutions. They also provide customized solutions tailored to specific project requirements, making them a reliable choice for large-scale infrastructure and industrial applications. VoltecX (Takaso Industries), operated by Takaso Industries Singapore, provides premium cable management systems, including cable trays, ladders, and conduits. Their products are designed for high-performance construction applications, offering fire-resistant and durable solutions. VoltecX emphasizes innovation and comprehensive support, making them suitable for projects that require both fire safety and structural reliability. SMART International is a Singapore-based manufacturer specializing in...
