

Huijue Metal Cable Tray Unit Price

AI Overview

Huijue metal cable trays typically range from \$2 to \$15 per meter depending on type, material, and order volume, with bulk pricing available from suppliers.

Price OverviewHuijue offers several types of cable trays, including mesh, composite, and alloy plastic trays, each with different cost structures:

- Mesh Cable Trays:** These are commonly used for lightweight cabling and ventilation. Prices generally start around \$2-\$5 per meter for standard sizes, with discounts for bulk orders.
- Composite Cable Trays:** Made from rust-resistant materials, these trays are slightly more expensive, typically \$5-\$10 per meter, depending on size and supplier.
- Alloy Plastic Cable Trays:** These are designed for corrosion resistance and durability, with prices ranging from \$8-\$15 per meter, often sold in bulk to verified buyers.

Factors Affecting Costs

- Material:** Stainless steel or alloy trays cost more than standard metal trays due to corrosion resistance and strength.
- Size and Load Capacity:** Wider trays or those designed for heavy-duty applications are priced higher.
- Order Volume:** Suppliers often provide tiered pricing, with significant discounts for large orders or container shipments.
- Shipping and Location:** Costs vary depending on the supplier's location and shipping distance, especially for international orders.
