

Huijue Optical Cable Price List Latest Prices

AI Overview

Exact current prices for Huijue optical cables are not publicly listed; buyers must contact the supplier for the latest quotes. Huijue optical cables, such as the 2-core outdoor aerial duct GYXTW53 model, are available through platforms like Alibaba, but the vendor specifies that pricing and shipping costs fluctuate and require direct inquiry to obtain the most accurate and up-to-date information. This is common in the fiber optic industry, where raw material costs (glass fiber, copper, and polyethylene) and exchange rates can change frequently, affecting the final price.

Expected Price Ranges Based on general market data for similar outdoor fiber optic cables:

- Low-count outdoor cables (2-12 cores):** Approximately \$0.07-\$0.25 per meter for bulk orders from Chinese manufacturers.
- Medium-count cables (24-48 cores):** Around \$0.20-\$0.90 per meter, depending on armoring, fiber type (G.652D, G.657A2), and jacket material (PE or LSZH).
- High-count cables (72-144 cores):** Prices can range from \$1.19-\$1.96 per foot for armored loose-tube outdoor cables.
- Specialized or double-armored cables:** May reach \$3-\$4 per foot for 288-core configurations.

Factors Affecting Huijue Cable Pricing

- Fiber Type and Count:** Single-mode (G.652D) is generally cheaper than bend-insensitive fibers (G.657A1/A2). More cores increase cost, but not linearly.
- Cable Construction:** Armored cables (CST or SWA) and double-armored designs are more expensive than non-armored variants.
- Jacket Material:** PE jackets are standard for outdoor use, while LSZH or TPU jackets increase cost by 15-20%.
- Order Quantity:** Bulk orders reduce per-meter cost due to manufacturing efficiencies and lower setup surcharges.
- Shipping and Customs:** CIF or DDP delivery adds to the total landed cost, which can vary by destination country.
