

Industrial-grade moisture-proof distribution box

Overview

(1) Waterproof distribution box engineered for harsh outdoor and industrial environments, providing IP65-IP68 sealing against dust, rain, and UV. Tip: Always check the IP rating. Built with durable materials, CE & ROHS certified. Contact us for custom solutions! Compliant with European/international standard EN/IEC 60309-2. The products have passed a variety of performance tests, whether in product temperature rise, mechanical life, material flame retardant, high pressure resistance, vibration, high temperature resistance, low temperature, or dust, pollution. Indubox industrial enclosures combine modular protection devices with industrial sockets in a single sealed body. With IP65 ingress protection, they perform reliably against dust and moisture for indoor and outdoor use, allowing outlet expansion without shutting down operations. In total, the DIN rail / installation series offers space for 4 HP (1 HP = 17). This corresponds, for example, to 4 x 1-pole circuit breaker or 1 x 4-pole circuit.
