

Jordan Single-Mode Logging Fiber Optic Cable System Manufacturer

AI Overview

TechLine and FiberTech are leading manufacturers and suppliers of single-mode fiber optic cable systems in Jordan. TechLine, founded in 2016 and located in the Al Qastal industrial area of Amman, is a large-scale fiber optic manufacturer offering indoor and outdoor fiber optic cables, network materials, and specialized copper cables. The company holds ISO 9001:2008 certification, ensuring quality and reliability in its products. TechLine emphasizes Plug and Play solutions and provides product customization to meet client-specific network requirements. Their offerings include fiber distribution frames, joint closures, enclosure boxes, and complete fiber optic passive equipment suitable for telecommunication networks across the MENA region. FiberTech, also known as the Jordan Advanced Fiber Company, specializes in high-speed fiber network solutions ranging from 100 Mbps to 10 Gbps. They provide direct connections for maximum speed, privacy, and security, and have a strong presence in Jordan, reaching over one million homes. FiberTech is actively expanding its infrastructure and has received significant financing to support long-term growth. They focus on both network deployment and fiber optic system integration, making them a key player in Jordan's fiber optic market. Other Suppliers Office Jo offers LC-LC single-mode fiber patch cords and duplex cables, suitable for smaller-scale installations or last-mile connectivity within Jordan. They provide delivery and payment options tailored to local customers. Panduit via JBS provides global-standard fiber cables and network infrastructure solutions in Jordan, combining international quality with local support. Summary For single-mode fiber optic cable systems in Jordan, TechLine and FiberTech are the primary manufacturers with comprehensive product lines and local expertise. For smaller components or p...
