

Kuwait Fireproof Cable Tray Brands

AI Overview

Alnafaa Group, Bahman Group, Almeer Industries, and EBOMAC are notable suppliers of fire-resistant cable trays in Kuwait. Alnafaa Group specializes in GRP/FRP cable trays that are fire retardant and corrosion-resistant. Their products include ladder and perforated cable trays, manufactured from glass-armoured thermoset fire-resistant resins. These trays are lightweight, UV-resistant, electrically insulating, and suitable for both small and large projects. They also offer a wide range of fittings, covers, and duct systems, making them a comprehensive solution for fireproof cable management in industrial and commercial settings (Alnafaa Group).

Bahman Group operates one of the largest cable tray manufacturing facilities in Kuwait, producing GI raceways, cable trays, cable ladders, and trunking. Their products are widely used in Ministry projects, hospitals, and Kuwait University, indicating compliance with local standards. While primarily focused on galvanized steel, their extensive experience in infrastructure projects ensures reliable fire-resistant solutions when required (Bahman Group).

Almeer Industries provides high-quality cable tray systems for commercial and industrial construction. Their trays are designed for flexibility in installation and future expansion, supporting both power distribution and communication cables. While specific fireproof certifications are not detailed, their focus on quality and technology investment makes them a viable option for fire-resistant cable management (Almeer Industries).

EBOMAC manufactures and supplies medium and low voltage switchgear and cable trays in Kuwait. Their products are tested according to international standards, ensuring safety and performance. EBOMAC emphasizes quality, technical excellence, and local support, making them a reliable supplier for fire-resistant cable tray systems in industrial and commercial projects (EBOMAC).
