

Laos Optical Cable Inflatable Plugging Device

Overview

The utility model discloses an inflatable testing plug for a silicon core pipe of a communication optical cable, which comprises an upright core rod, a pressing mechanism, an elastic plugging plug and a compressing disc. The upright core rod is provided with an inflating hole at the center, the. Hangzhou Hengma Power Technology Co. independently develops and produces a series of sealing and sealing devices, including LSR self-leveling sealing materials. "Electric Cables" can serve both to carry electricity from power plants located hundreds of kilometers away and to enable transmission of information in IT. Watana Wire & Cable Company is. Inflatable cable pipe sealing device is suitable for waterproof sealing of metal cable pipe, PVC cable pipe, glass fiber reinforced plastic cable pipe and other pipes, suitable for the diameter range of 40mm~300mm. Inflatable cable and pipeline sealing, the main principle of the inflatable sealing.
