

Libya s largest fiber optic cable manufacturer

AI Overview

Global Technology Company (GTC) is Libya's leading fiber optic cable manufacturer and integrator, spearheading national-scale optical network projects. Overview of GTC Global Technology Company (GTC) is a Libyan technology integrator specializing in national-scale telecommunications and optical network solutions. The company is responsible for deploying a 14,000 km nationwide optical fiber backbone in partnership with the General Electricity Company of Libya (GECOL), aimed at modernizing Libya's digital infrastructure and enabling fiber-to-the-home (FTTH) connectivity across major cities and regions . GTC's operations include: Long-haul optical transport and next-generation FTTX access networks High-capacity wavelength services and dark fiber for long-distance connectivity Enterprise, carrier, and public sector solutions with secure, redundant networks Commercialization and expansion of Libya's electrical grid fiber routes into a modern telecommunications backbone Other Key Players Another notable Libyan company is Technology Leaders Telecom Company (TLT), based in Sebha, which provides comprehensive telecommunications infrastructure services, including network implementation, equipment shelters, and site planning. TLT supports various sectors, including financial institutions and telecom operators, but its primary focus is on network deployment and integration rather than large-scale fiber manufacturing . Market Context While Libya imports a significant portion of optical fiber cables from countries like Portugal, Germany, and South Korea, GTC stands out as the largest domestic manufacturer and integrator, leading the country's fiber optic expansion and digital transformation initiatives . Conclusion For anyone seeking Libya's largest fiber optic cable manufacturer, Global Technology Company (GTC) is the primary domestic leader, combining manufacturi...
