

List of Internet Data Centers in Libya

AI Overview

Libya currently hosts approximately six major data centers, primarily located in Tripoli, Benghazi, and Misrata, offering colocation, cloud, and connectivity services. Overview of Libya's Data Center Landscape Libya's data center sector has evolved significantly since 2010, supporting sectors such as finance, telecommunications, healthcare, education, and e-commerce . The country has around five to six major facilities, with storage capacities ranging from 10 to 100 terabytes and bandwidth options between 100 Mbps and 1 Gbps . These centers are governed by the Libyan Data Protection Law (LDPL) 2018 and the Telecommunications Act 2020, ensuring compliance with data security and licensing requirements .

Key Data Center Locations and Providers

Tripoli Home to several major facilities, including those operated by Qabas Consulting & Training, which is also the official Oracle™ partner in Libya . Facilities feature 24-hour security, CCTV surveillance, fire detection and suppression systems, redundant power supplies, and backup generators . Services include colocation, cloud hosting, and support for government, educational, and telecom clients .

Benghazi Hosts data centers that provide high-speed connectivity and secure storage for regional businesses and institutions .

Misrata Facilities here focus on enterprise and commercial clients, offering scalable infrastructure and reliable uptime .

Notable Data Center Operators

Qabas Consulting & Training: Leading provider with advanced infrastructure and strategic consulting services . Other operators include local and regional providers offering colocation, cloud, and managed services across Libya .

Infrastructure and Technology Libyan data centers are equipped with: Uninterruptible Power Supply (UPS) systems and backup generators to ensure continuous operation . Multiple fiber-optic connections for redundancy and high-speed internet access . Advanced cooling systems to maintain optimal hardware performance . Increasing i...
