

Mexico Fire-Resistant Cable Tray Price Quote

AI Overview

Fireproof cable trays in Mexico are available from multiple certified manufacturers, including SIESA® and Tecnotray, with options in FRP, galvanized steel, and stainless steel; pricing requires direct quotation from suppliers.

Key Suppliers and Product Features

1. SIESA® Offers ladder-type cable trays made from Fiberglass Reinforced Plastic (FRP), which are non-combustible and have a flame spread index of 15, providing fire protection in critical environments. Compliant with ASTM E-84, ASTM D-635, and UL standards. Resistant to UV, corrosion, and mechanical stress, suitable for industrial and commercial installations. Lightweight and designed for simplified installation, saving time and labor. To obtain a price quote, SIESA® encourages direct contact through their website or sales team for project-specific requirements.
2. Tecnotray Offers mesh-type and hinged duct cable trays in galvanized steel, hot-dip galvanized, and stainless steel (ANSI 304). Certified by ANCE, LAPEM, PEMEX, and UL, ensuring compliance with Mexican and international safety standards. Recommended for indoor installations such as IT rooms, office ceilings, and enclosed spaces. Resistant to moderate to severe environmental conditions depending on material choice. Pricing is customized based on material, size, and quantity, so contacting Tecnotray directly is necessary for a quote.
3. Other Manufacturers Brilltech Engineers and other suppliers provide perforated and ladder cable trays with ISO-certified manufacturing, suitable for industrial applications. Wiremeshes and other Mexican manufacturers offer a variety of sizes, materials, and configurations, including corrosion-resistant and fireproof options. Most suppliers require direct inquiry to provide a detailed price quote based on project specifications, quantity, and delivery location.
