

Nigerian Grid Cable Management System Supplier

AI Overview

Top suppliers of cable management systems and electrical cables in Nigeria include Fembosco Limited, JMG Electra, Coleman Wires & Cables, and Cutix PLC, offering high-quality solutions for industrial and grid applications. Leading Cable Management System Suppliers Fembosco Limited is a prominent supplier of cable management systems in Nigeria, providing a wide range of products including galvanized steel, wire mesh, and PVC cable trays, cable ladders, trunking systems, and accessories. They partner with global brands like Legrand to deliver solutions for industries such as oil and gas, telecommunications, energy storage, and manufacturing, ensuring protection against dust, water ingress, and physical damage while maintaining organized cable infrastructure. JMG Electra specializes in electrical infrastructure solutions, offering cable management systems alongside LV and MV switchgears, power distribution equipment, transformers, and wiring devices. They are authorized dealers for brands like ABB, Legrand, Indoasian, and EAE Electric, providing reliable, standard-compliant solutions for commercial and industrial projects. Leading Cable Manufacturers for Grid Applications Coleman Wires & Cables is Sub-Saharan Africa's largest cable manufacturer, producing a wide range of electrical and fiber optic cables. Their facilities in Ogun State have the capacity to process 8,000 metric tons of copper and 4,000 metric tons of aluminum annually. Coleman supplies cables for residential, commercial, industrial, and national grid projects, ensuring high-quality, durable, and safe electrical solutions. Cutix PLC has over 42 years of experience in cable manufacturing, producing bare copper conductors, industrial cables, and energy distribution solutions. Their products meet international standards and are designed for durability, corrosion resistance, and optimal energy efficiency, making...
