

Norway Smart Distribution Cabinet Production

Overview

The companies Weidmüller, Komax, Zuken, Armbruster Engineering and nVent Hoffman / Steinhauer have launched the Smart panel building initiative in order to enable panel building to tap this potential with tailored, consistent solutions. STRIEBEL & JOHN produced over one million ComfortLine cabinets in Sasbach, using ABB technologies and automated production systems to support growing demand for electrical distribution solutions. STRIEBEL & JOHN manufactures electrical distribution cabinets and metering systems used in residential. We design and manufacture intelligent electrical enclosures tailored for automation, energy distribution, and industrial control—ready for the demands of Industry 4. We can deliver the following: System voltages: Shutdown and monitoring:We produce low-voltage switchgears for power distribution and control with high-quality, and every unit is tailored to satisfy the needs of the customer. All our cabinets are FI-certified.
