

Price quote for West Asia power distribution box al1

AI Overview

Power distribution boxes in West Asia typically range from \$50 to over \$1,500 depending on type, capacity, and features, with custom AL1 models requiring a direct quote from suppliers.

Estimated Price Ranges

- Standard Residential Boxes:** \$50–\$150, suitable for light loads up to 200A.
- Commercial Boxes:** \$150–\$500, designed for multiple circuits and higher load requirements.
- Industrial Boxes:** \$500–\$1,500+, for heavy-duty applications in factories or large facilities.
- Smart Distribution Boxes:** Starting around \$300, with monitoring and remote control features, potentially exceeding \$1,000 depending on functionality.

Factors Affecting Price

- Voltage Rating:** Higher voltage boxes cost more due to advanced materials and design.
- Number of Circuits:** More circuits increase cost, essential for complex installations.
- Safety Features:** Fire-resistant materials, surge protection, and overload protection add to price but are critical for reliability.
- Material Quality:** Steel enclosures are more durable and expensive than plastic; IP-rated boxes offer waterproof and dustproof protection.
- Customization:** OEM branding, busbar modifications, and cable entry adjustments can affect pricing.

Regional Considerations

In West Asia, suppliers like Coloria provide distribution boxes designed for extreme temperatures and high-demand projects, ensuring compliance with local safety standards and durability requirements.

Delivery times vary based on stock availability and custom specifications, with some distributors offering next-day shipping for standard models.

How to Obtain a Quote

- Provide Project Details:** Specify residential, commercial, or industrial use, number of circuits, and any special requirements.
- Request Customization:** Indicate if you need AL1-specific features, extra circuits, or smart monitoring.
- Contact Suppliers:** Reach out to regional distributors or manufacturers for a detailed, no-obligation quote...
