

Production Line Cable Tray Manufacturer

AI Overview

Leading cable tray production line companies offer automated, high-precision roll forming systems for various tray types, supporting global industrial and construction projects. Key Manufacturers and Their Offerings

1. Haixing Tianjin (HX Forming Machines) Haixing Tianjin provides advanced cable tray production lines capable of automated forming, punching, and cutting for perforated, ladder, and solid-bottom trays. Their systems feature high precision, fast production speeds (10–15 m/min), and stable performance, helping manufacturers reduce labor costs and maintain consistent quality. The company is CE and ISO certified and serves industrial electrical projects, power plants, and construction industries worldwide.
2. Patech Forming Patech offers an intelligent mechanical integrated system for cable tray production, including CNC punching, roll forming, and synchronous cutting modules. Their lines support customized widths (50–1200 mm), thicknesses (0.4–2.0 mm), and heights (20–150 mm). The PLC-controlled system allows parameter setting, production monitoring, and fault diagnosis, with forming accuracy within ± 0.2 mm. Their punching design improves heat dissipation and reduces cable temperature by 15–20%, ensuring structural safety.
3. Jinggong Machine (HCM-600) Jinggong's HCM-600 is a fully automatic cable tray roll forming line using metal sheet coils. The workflow includes decoiling, leveling, punching, notching, roll forming, straightening, cutting, and output. The line uses PLC control and AC frequency conversion speed regulation for continuous production. It is suitable for steel structure and metal cold forming industries, with customizable solutions for coil width and thickness.
4. Technic Machines Technic Machines provides flexible cable tray roll forming lines with options for coil or sheet feeding, adjustable width, height, and thickness, and various punching solutions. Their systems include servo-controlled feeding, decoilers, straighteners, and cutting units, ensuring precision and minimizing production error...

Advance Line Cable Management System L.L.C is an established manufacturer Of Cable Trays, Cable Trunkings, Cable Ladders, Basket trays, Strut Channels & GI

EAE Electric | Busbar Energy Distribution Systems

Since 1973, EAE Electric has been your reliable partner in busbar, cable trays, fit-out solutions, support systems and much more!

Cable Tray, Cable Trunking, Cable Ladder, Perforated

As the professional custom cable tray manufacturer, Taian JINHENG Electric Co., Ltd (JLH Electric) have been dedicated to supplying one stop cable tray solution

Cable Tray Manufacturing Line

Learn about the production stages, advantages, and key considerations for high efficiency and quality.

Automatic Cable Tray Roll Forming Machine, Cable Tray Machine ...

Work flow of the cable tray production line: Decoiling →Leveling→Punching & notching →Storage→Roll forming→Straightening→Cutting→Output. Jinggong is a trusted cable tray machine manufacturer

Cable Tray Making Machine

Cable trays provide neat accessible routing solutions for cable management critical for optimized performance and safety. Customized design

Flextray wire basket section of NEMA cable tray

The Flextray™ system is a flexible, field-adaptable way to manage cables throughout your project. The tray can be cut and bent to the needs of the installer on the jobsite, allowing cable runs to be

Cable Trays | Cable Management Systems | Snake Tray

Snake Tray manufactures cable trays, power distribution solutions and cost-effective cable management systems for data centers, solar installations, transit & more.

Taimoor Rajpoot

My background spans RF electronics packaging, avionics tray design, and cable harness engineering for defense programs - including designing panels with 40+ SMA connections for a NATO radar ...

Cable Tray Roll Forming Machine | Cable Tray Making

Cable Tray Roll Forming Machine can produce cable trays with different sizes, thickness, and from different materials, SS, CR, GI, Check it out!

3rd Rail Transit Materials & Products

Selco Manufacturing Corporation is a custom niche manufacturer of products used to build and maintain America's vital infrastructure.

Cable Tray Roll Forming Machine

At Lotosforming, we specialize in designing and manufacturing state of the art roll forming machines, including those used for producing cable trays. Our machines are highly efficient, utilizing a

Cablofil Cable Management | Legrand

We've expanded capacity across our Cablofil product line facilities, reducing lead times on Wire Mesh Tray, Ladder Tray and Cablofil Cable Bus. That means your next project can move faster, from quote

Cable Tray Manufacturer

With the excellent brand reputation, we have been dedicated to R& D and manufacturing a variety of cable trays and the matching accessories, which

Top 10 Wire And Cable Manufacturers and Suppliers in

Wire and cable companies play a vital role in powering industrial, commercial, and residential infrastructure across the U.S. From traditional power

B-Line series Cable Tray Design Considerations

Note that wider rung spacings and wider cable tray widths decrease the overall strength of the cable tray. Specifiers should be aware that some cable tray manufacturers do not account for this load
