

# Ranking of ZKTeco Intelligent Power Distribution Cabinet Manufacturers

## AI Overview

ZKTeco is not currently listed among the top global PDU manufacturers; leading companies include Delta, Schneider Electric, Eaton, APC, and Rittal. Overview of Top PDU Manufacturers The global market for intelligent power distribution cabinets (PDUs) is dominated by established companies with decades of experience in power management and data center solutions: Delta Electronics (Taiwan): Offers energy-efficient, scalable PDUs with strong monitoring and protection features, widely used in data centers and industrial applications. Schneider Electric (France): Provides PDUs with real-time remote monitoring, user-defined alarms, and energy management capabilities, supporting sustainable data center operations. Eaton (US): Delivers a full range of PDUs from basic rack-mounted units to advanced models with comprehensive monitoring and control. APC by Schneider Electric (US/France): Known for smart PDUs with IoT integration, AI-driven power management, and cloud-based monitoring dashboards. Rittal (Germany): Offers industrial-grade PDUs with high reliability and modular designs suitable for enterprise and colocation data centers. NBYOSUN (China): Focuses on intelligent PDUs with outlet-level monitoring, environmental sensors, and remote management, catering to high-density environments. These companies are recognized for their innovation, reliability, and global reach, and they consistently appear in industry rankings for PDU solutions. ZKTeco's Position ZKTeco is a global leader in biometric and security solutions, achieving high rankings in the A&S Top 50 Security Brands (14th globally, 9th in APAC, 6th in product group) for its innovation and product quality. While ZKTeco has expertise in intelligent systems and security-related hardware, there is no publicly available ranking placing ZKTeco among the top PDU manufacturers. Its...
