

Saudi Arabia s four-network integrated optical distribution box vendor

AI Overview

Leading vendors in Saudi Arabia for four-network integrated optical distribution boxes include Azra IT Systems, Ayn Networks, and Norden Communication, offering a range of core capacities and high-quality brands. Key Vendors

- 1. Azra IT Systems** Azra IT Systems is a major supplier and distributor of fiber optic distribution boxes across Riyadh, Dammam, and other regions in Saudi Arabia. They offer a wide selection of boxes with core capacities ranging from 2 to 72 cores, including 4-core models suitable for multi-network integration. Azra works with well-known brands such as Extell, Techlogiks, Belden, Opterna, Norden, Datacom, Panduit, D-Link, Commscope, Molex, and Corning. Their products combine fiber splicing, splitting, distribution, storage, and cable connection in a single unit, supporting FTTH and FTTx projects. They also provide customized solutions and fast delivery throughout Saudi Arabia.
- 2. Ayn Networks** Ayn Networks specializes in fiber optic distribution boxes designed to protect and organize network connections in both commercial and residential projects. They focus on high-quality, climate-resistant boxes suitable for Riyadh's environment. Ayn Networks assists clients in selecting the right configuration for their connectivity needs, ensuring organized, accessible, and protected fiber termination points. Their services cater to facility managers, contractors, and businesses expanding network capacity, making them a reliable partner for integrated optical distribution solutions.
- 3. Norden Communication** Norden is a leading manufacturer and supplier of fiber optic metal distribution boxes in Saudi Arabia. They provide durable, high-quality boxes suitable for multi-network integration, ensuring reliable performance for telecom and enterprise networks. Norden's products are widely used in FTTx deployments and large-scale optical network projects.
