

Singapore Construction Site Electrical Distribution Boxes Supplier

AI Overview

Key manufacturers in Singapore for construction site electrical distribution boxes include Asiatic Group, Sunlink Engineering, The Enclosure People, and SG Electrical Equipment Suppliers & Manufacturing Pte Ltd. Asiatic Group distributes HENSEL electrical installation and power distribution systems, including distribution boards and junction boxes made from thermoplastic polystyrene and polycarbonate. Their products are designed for harsh environments, offering IP65 to IP67 protection, UV resistance, corrosion resistance, and flame retardancy. These boxes are double insulated (protection class II) and suitable for dusty, humid, or outdoor construction sites, ensuring safe and reliable low-voltage energy distribution. Sunlink Engineering specializes in metal DB boxes fabricated for industrial, commercial, marine, and infrastructure projects. Their boxes are made using CNC laser cutting, bending, and controlled welding, ensuring precise dimensions and robust structural integrity. Sunlink offers full customization for dimensions, material, opening layout, and surface finishing, making them ideal for construction sites requiring tailored electrical distribution solutions. The Enclosure People Pte Ltd provides a one-stop solution for electrical and instrumentation enclosures, including hazardous area products. They partner with manufacturers in Singapore, Europe, and Asia to supply enclosures suitable for industrial, infrastructure, oil & gas, and pharmaceutical sectors, offering reliable and certified solutions for demanding construction environments. SG Electrical Equipment Suppliers & Manufacturing Pte Ltd offers a range of low-voltage electrical components and enclosures, including cable entry couplers and flameproof housings. Their products are designed for high-efficiency, rugged applic...
