

Spanish manufacturer of lightning protection intelligent distribution boxes

AI Overview

Cirprotec, Dinnteco, IDE Electric, Aiditec Systems, and Delvalle Box are leading Spanish manufacturers offering intelligent distribution boxes with lightning protection. Cirprotec Based in Terrassa, Spain, Cirprotec specializes in the design and manufacture of lightning and surge protection devices. The company is part of Mersen and has over 30 years of experience in providing solutions for photovoltaic energy, electric mobility, and smart buildings. Cirprotec offers certified, automated, and fully tested products manufactured in Spain, with a focus on R&D, patented technologies, and sustainable production processes. Their solutions include intelligent distribution boxes integrated with overvoltage and short-circuit protection. Dinnteco International S.L. Dinnteco has more than 21 years of experience in lightning protection and has patented its own technology worldwide. The company designs, manufactures, and commercializes protection systems that are ecological and compliant with international standards. Their products include passive systems for capturing electrostatic currents and electromagnetic protection, suitable for industrial and marine applications. Dinnteco emphasizes custom-made solutions for various sectors. IDE Electric IDE Electric manufactures electrical enclosures and combination units for industrial applications. Their cabinets are made from high-quality materials, certified for domestic and international markets, and can be customized for intelligent distribution and lightning protection integration. IDE Electric offers a wide range of accessories, including distribution blocks and busbar supports, with protection ratings from IP44 to IP67. Aiditec Systems Aiditec Systems designs, manufactures, and installs comprehensive maximum security solutions, including lightning protection systems. They focus on intelligent and integrated prot...

Efficient Power Distribution Boxes | Nijsha Enterprise

Nijsha Enterprise is a leading manufacturer of high-quality power distribution boxes. Our boxes are designed to provide reliable and efficient distribution of electrical

Lightning protection systems Spain | B2B companies and suppliers ...

Spanish company manufacturing comprehensive lightning protection equipment. Lightning rods, grounding systems, surge protection, storm detection and warning equipment.

Gandian Lightning Protection Electric Co., Ltd.

Established in 2014, GANDIAN Lightning Protection Electric Co., Ltd. is a professional and technical production company integrating product development, manufacturing and low voltage switchgear

IDE Electric

Used to house electrical or electronic switchgear, control gear and equipment necessary to supply, distribute and transform electricity. Made with materials of

Intelligent power distribution box-Intelligent power distribution box ...

The intelligent lightning protection distribution box is composed of the external power grid acquisition, lightning protection monitoring and distribution system, and the voltage, current, power, frequency

Ingesco | Prevention and protection against lightning

INGESCO specializes in the production and design of lightning rod protection, surge arresters and prevention products. It provides a comprehensive and

Spanish Electrical and Energy Technology

Manufacturers of lightning protection systems and electromagnetic protection. We are backed by 15 years of field and laboratory studies and tests with 100%

Distribution box surge protector: an important part of lightning ...

In areas with frequent lightning strikes, electrical equipment is easily damaged by lightning strikes. To reduce the damage caused by lightning strikes, the surge protector in the

Lightning protection systems Manufacturer/producer Spain

All suppliers for lightning protection systems Manufacturer/Producer Find wholesalers and contact them directly B2B marketplace Find companies now!

Inicio EN

Cirprotec products are manufactured in Spain and are certified and accredited through independent organisations such as Dekra,

Lightning protection systems Manufacturer/producer Spain

Spanish company manufacturing comprehensive lightning protection equipment. Lightning rods, grounding systems, surge protection, storm detection and warning equipment.

Earthing & lightning protection | Products | ABB

Earthing & lightning protection ABB is a leading global provider of earthing & lightning protection solutions to industry, commerce and utilities, covering

Lightning protection services | INGESCO

IN-HOUSE MANUFACTURING: INNOVATION, QUALITY AND DISTRIBUTION At INGESCO we not only design, but also manufacture our own products in Spain,

Distribution boxes

Distribution, surface or recessed boxes. In them you can install the protection elements, differentials and magnetothermics. We also have other elements to

Dinnteco Internacional S.L.

The idea of Dinnteco International is to revolutionize lightning protection systems. Not only we developed a product that breaks with the pre-established parameters in terms of lightning protection,

Lightning Protection Systems Suppliers in Spain

Locate Lightning Protection Systems suppliers, manufacturers & distributors in Spain. Interactive map of Spain provided.

IDE – ENERTRONIC

IDE: ENERTRONIC SA distributor of IDE offers the products of the Spanish manufacturer that are intended for both the electricity and telecommunications

Dinnteco Spain – Preventing Lightning Strikes

At Dinnteco, we have been PREVENTING LIGHTNING STRIKES for over 20 years, safeguarding lives and all kinds of installations on land and at sea. Discover

IDE Electric

Manufactured with high-durability halogen-free plastics and are available in a range of from 10 to 125 Amperes and from 24 to 500 Volts, with IP44-IP54-IP67

Intelligent Power Lightning Protection Box Market Outlook 2026-2032

Global Intelligent Power Lightning Protection Box market was valued at USD 290 million in 2024 and is projected to reach USD 400 million by 2032, at a CAGR of 5.2%.

Intelligent Lightning Protection

We design, manufacture and install comprehensive maximum security solutions for protection against lightning. We apply advanced engineering, quality control and specialized testing to develop reliable,

Intelligent Lightning Protection

Cutting-edge technology Intelligent Lightning Protection We design, manufacture and install comprehensive maximum security solutions for protection against lightning. We apply advanced
