

Sri Lanka Warranty SD-WAN Device 1G

AI Overview

Sri Lanka offers 1G SD-WAN devices through providers like SLTMobitel, Dialog Enterprise, and SANIT, with warranty and managed service options for enterprise deployment. Key Providers and Services

SLTMobitel offers a comprehensive SD-WAN solution with cloud-based security and flexible architecture, supporting any transport method including MPLS, 4G/LTE, and direct Internet access. Their SD-WAN devices support centralized control, application-aware routing, and Zero-Touch Provisioning for easy deployment. SLTMobitel provides end-to-end visibility, segmentation policy management, and integration with Cisco Umbrella for enhanced security. Warranty and support are included as part of their managed service offerings, ensuring high availability and predictable performance for enterprise networks.

Dialog Enterprise provides Sri Lanka's first fully-managed SD-WAN solution, the Dialog Secure Hub, designed for SMEs and larger enterprises. Their 1G-capable SD-WAN devices offer secure connectivity, optimized cloud access, and centralized management. Dialog's service includes deployment, monitoring, and ongoing support, effectively covering warranty and maintenance as part of the managed service package.

SANIT Invention specializes in tailored SD-WAN solutions for businesses of all sizes, offering expert guidance, deployment, and ongoing support. They partner with multiple brands to provide 1G SD-WAN devices with warranty coverage and customized service agreements, ensuring compliance and reliable connectivity across distributed locations.

Warranty and Support All major SD-WAN providers in Sri Lanka include device warranty and service support as part of their managed offerings. This typically covers hardware replacement, software updates, and technical support. Enterprise customers can also negotiate extended warranty periods or service-level agreements (SLAs) to ensure uptime and performance guarantees.

Deployment and Integration 1G SD-WAN devices in Sri Lanka can be deployed on-premises or in hybrid cloud enviro...
