

TEFA Information Technology Co Ltd in the Fiber Optic Cable Sector

Overview

The company currently has a self-owned optical fiber preform production capacity of 600 tons/year, and is also constructing a 1200-ton expansion project, with the first phase of 400 tons scheduled to go into operation by the end of 2026. Shenzhen-based optical communication company with state-owned capital- Teifa Information Technology CCRU data shows that demand in North America is growing at a double-digit year-on-year rate, while prices in India, Europe, and China are soaring across the board. This round of price increases is not a simple cyclical fluctuation, but an inevitable result of a structural imbalance between supply. General Projects□ Optical cable manufacturing□ Optical cable sales□ Optical fiber manufacturing□ Fiber Optic Sales□ electric wire□ Cable Operations□ Electronic component manufacturing□ Electronics sales□ Optoelectronic device manufacturing□ Optoelectronic device sales□ Technical glass. Tefa Information (000070. SZ) announced its 2025 annual performance, reporting a net loss attributable to shareholders of 496 million yuan. Tefa Information. Shenzhen tefa Information Co. is a state-owned enterprise and state-level high-tech enterprise listed on the main board of Shenzhen Stock Exchange in 2000., an enterprise directly under the. Summarize: Global fiber optic market grows with S+C+L cable launch; TeFa Information leads innovation targeting data centers and drone networks, impacting supply and investment.
