

Warranty on 20kW Integrated Distribution Cabinet

AI Overview

Standard warranty for 20kW integrated distribution cabinets typically ranges from one to three years, with options for extended coverage depending on the manufacturer. Manufacturer-Specific Warranty Details Vertiv Liebert GXT5 20kW UPS with Integrated Distribution Comes with a three-year advanced replacement, full-coverage factory warranty for both the UPS and battery. Optional extended warranty is available to prolong coverage beyond the standard three years. The warranty includes support for hardware replacement and ensures minimal downtime through advanced replacement services. Schneider Electric InfraStruXure 20kW NetShelter Cabinet Includes a 1-year Secure NMC Subscription, which provides access to firmware updates and software support. Extended battery runtime and additional service options can be purchased to enhance system resiliency. Warranty coverage for the cabinet itself is typically aligned with the UPS warranty, but specific terms should be confirmed with Schneider Electric. Eaton 93PM Integrated Accessory Cabinets (IAC-D / IAC-PD) Eaton provides factory warranties for accessory and distribution cabinets, though the exact duration may vary by model and region. Standard coverage generally includes defects in materials and workmanship, with options for extended service agreements. For larger or customized distribution cabinets, Eaton recommends contacting a sales representative to confirm warranty terms and any additional coverage for subfeed breakers or panelboards. Key Considerations Coverage Scope: Most warranties cover defects in materials and workmanship, but not damage from misuse, improper installation, or environmental factors. Extended Warranty Options: Many manufacturers offer extended warranties or service contracts to cover additional years, often including preventive maintenance...
