

What are some manufacturers of steel cable trays for low-voltage electrical systems

AI Overview

Leading manufacturers of steel cable trays include ABB, Spina Group (Schiavetti Tekno), MP Husky, and Selco Manufacturing, offering a range of ladder, perforated, wire mesh, and channel trays. Key Manufacturers

ABB ABB designs and manufactures a wide range of cable tray systems, including perforated trays, cable ladders, channel trays, and strut metal framing. Their products are produced in Canada and Saudi Arabia and are suitable for medium to ultra-heavy duty installations. ABB trays are designed for reliability, adaptability, and ease of maintenance, making them suitable for low-voltage electrical systems in industrial and commercial projects.

Spina Group (Schiavetti Tekno) Schiavetti Tekno, part of the Italian Spina Group, offers stainless steel, galvanized, and wire cable trays. Their product range includes closed, perforated, ladder, and wire-mesh trays, designed for strength, corrosion resistance, and long-term performance. They provide custom sizes and compatibility with Unistrut systems, meeting European (EN) and international (UL) standards.

MP Husky MP Husky, based in the USA and Canada, manufactures UL, CSA, and NEMA-compliant cable tray systems, including wire mesh/basket trays and cable bus systems. They specialize in industrial, commercial, and nuclear applications, offering high-quality, cost-effective, and innovative solutions for low-voltage and power distribution cabling.

Selco Manufacturing Selco provides a variety of steel cable trays, including solid-bottom, ladder, ventilated, and channel trays. Their products are available in stainless steel and other steel alloys, offering protection against impact, corrosion, and heat. Selco trays are designed for flexibility, safety, and ease...
