

Where to buy fire-resistant cable trays

AI Overview

High-quality fire-resistant cable trays are available from suppliers like NIEDAX, AuyinTec, Meka Pro, Apex Tray, and NewReach, offering tested, certified, and durable solutions for critical installations. Recommended Suppliers and Products

1. NIEDAX NIEDAX offers fire-resistant cable trays designed to maintain circuit integrity during fires, ensuring that critical systems like elevators, emergency lighting, and reporting facilities remain operational. Their solutions are developed with integrated fire resistance and are suitable for complex installations. You can contact NIEDAX directly for quotes and local points of sale.
2. AuyinTec Cable Tray AuyinTec provides advanced fire-resistant cable trays with a core fire-resistant layer made of non-combustible boards, 5-12 mm thick, offering up to 60 minutes of fire resistance (N1 rating). They feature arc-shaped designs for curved installations, lightweight steel construction, and easy prefabricated installation, making them suitable for modern architectural spaces and large-diameter cables.
3. Meka Pro Meka Pro specializes in fire-resistant cable support systems tested according to EN 1363-1 standards. Their products are extensively fire-tested with installed cables, ensuring electricity supply continuity during fires. They offer over 1,200 fire-tested standard products and emphasize compliance with international standards, safe installation practices, and the use of non-toxic materials.
4. Apex Tray Apex Tray focuses on high-risk environments such as data centers, hospitals, and high-rise buildings. They provide guidance on selecting materials like steel, aluminum, and fiber-reinforced plastics, which resist fire, minimize heat transmission, and prevent flame spread. Their solutions are designed to protect sensitive equipment and ensure uninterrupted operations during emergencies.
5. NewReach NewReach manufactures fire-rated cable trays that maintain structural integrity during fires, preventing flame spread and supporting critical systems like emergency lighting and fire alarms. They offer...
