

Wholesale Price of Cable Junction Boxes

AI Overview

Wholesale cable junction boxes typically range from \$1 to \$20 per unit depending on size, material, and IP rating, with bulk discounts available from suppliers.

Pricing Overview The wholesale price of cable junction boxes varies widely based on material, size, and protection rating. Basic small plastic junction boxes can cost around \$1–\$3 per unit, while larger or metal boxes, such as aluminum or stainless steel, may range from \$5–\$20 per unit when purchased in bulk. Waterproof or IP65/IP66 rated boxes for outdoor use generally command higher prices due to enhanced durability and environmental protection.

Factors Affecting Price

- Material:** Plastic boxes are the most affordable, while aluminum, stainless steel, or fiberglass options are more expensive due to durability and corrosion resistance.
- Size and Capacity:** Larger boxes that accommodate multiple cables or complex wiring setups cost more than compact desktop or wall-mounted enclosures.
- IP Rating:** Boxes with higher ingress protection (IP54, IP65, IP66) for dust and water resistance are priced higher, especially for outdoor applications.
- Customization:** OEM/ODM options, such as custom sizes, colors, or pre-drilled knockouts, can increase unit cost.
